

FOR INDIVIDUALS AND FAMILIES

FAMILY SECURITY

If you find yourself in an unfamiliar part of the city or feeling unsafe, the Help-On-Call (HOC) application can help. With one click of the SOS button, your contacts will know that you need help. Moreover, you shall know who is on their way to help you.

COLLEGE SECURITY

College students often walk alone through campus or town. By using the Help-On-Call (HOC) application, they can stay safe with one push of a button. It's an innovative safety application for students who need assistance in any emergency or unsafe situation.

WOMEN SECURITY

As a woman, you don't need to feel insecure or unsafe anymore. With one click of the SOS button, your contacts shall know where you are and they can reach you to help. Keep Help-On-Call (HOC) at your fingertips day or night.

AT-WORK SECURITY

Are you a professional who works odd hours? Besides security measures provided by the employers, professionals who work late night and at high-risk areas might need additional assistance. Help-On-Call (HOC) provides that assistance through which they can alert their contacts to ensure their safety. Keep the Help-On-Call application at your fingertips. With one click of the SOS button, your contacts will know where you are so they can reach you to help.

And many more...
